Voluntary Financial Contributions

Education Queensland will provide the majority of funding for the day-to-day operations of the school and the basic education for each of our students in 2015. These funds will be supplemented by the Coolum State School Parents’ & Citizens’ Association and the Coolum State School Voluntary Financial Contribution (referred to as VFC 2015 in this document) to provide practical learning experiences in excess of materials provided by the school grant.

The VFC 2015 is designed to enhance the ‘existing’ educational opportunities for our students across the entire school. All students require these extra resources in order to be able to fully participate in the ‘total’ education program being provided by the school.

Students who contribute to VFC 2015 will receive the following range of necessary resources and materials to cover the needs of all subject areas for the entire school year (excluding swimming, excursions and visiting performances):

- Printed class notes, worksheets and booklets:
- Paper and card resources:
- Computer resources including internet access, software and consumables:
- Art and craft supplies:
- Class resources (e.g. Access to videos, cassettes, DVDs, magazines as required)
- Cooking ingredients:
- Photocopying and laminating:
- Additional stationery items:
- Other items:

The cost for all year levels is $40.00. There are obvious benefits for your child’s education from this program.
